Is anyone planning to contact Mike N and/or Paul R to discuss EPA removal from the new MOU and how our agencies are going to proceed? Should I do this?

I haven't looked at the revised version yet.

I'm just doing the cc's that Mike N. should have done in the first place.

FYI,

Here's the version of the MOU which is currently under review by the 408 Part of Corps HQ. They've been asked to complete their review by Jan 30th. Afterwards, we'll float around the agencies for one last review and then start through signature, unless edits made by other agencies which require additional review by the 408 part of the Corps in which case we'll have to circle back through everyone again. OK to share, but we're not asking for edits on this version.
